

Monthly

Behavioral Initiatives
Quality ABA Professionals

Newsletter

May 2020 | Issue 1, Vol 1.

Welcome Back!

Hello BI Family!

We are pleased to share with you our very first monthly newsletter, specifically designed for our families and staff. We hope you enjoy our updates and content within!

The BI Newsletter will provide the following information the first week of every month:

1. Best Practices in Applied Behavior Analysis (ABA) to help our families learn more about the field
2. ABA tools and supplemental resources for your convenience and knowledge
3. Company events, updates, and announcements to keep you caught up
4. Relevant articles and literature to support and inform our families
5. Fun moments, shout-outs and accomplishments that occurred throughout the month

Our grand reopening began with the following Safety Procedures for client and staff safety:

1. Client and staff get temperature checked upon entering the center
2. Clients and staff wash hands upon entering the center and as often as possible during sessions
3. Face masks or face shields are worn at all times throughout the day
4. Discrete Trial Training (DTT) areas have been organized to follow 6-foot social distancing guideline
5. **Industrial grade sanitation of AC ducts and vents in every portable!**

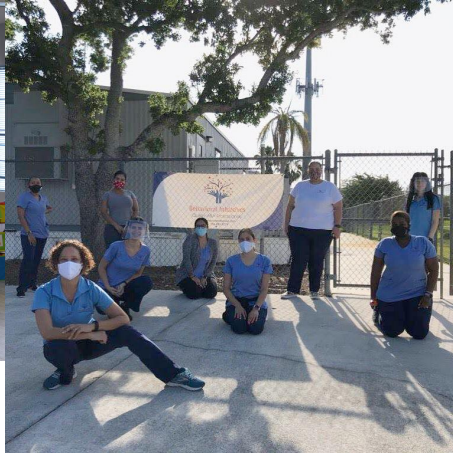

Thank You!

We would like to express our appreciation to all for being punctual and patient with our drop off routine. Parents and staff have worked together to make this process as efficient and safe as possible. Teamwork is a key component of success and at Behavioral Initiatives we are not only a team - we are a family!

Heroes In Action!

**6-foot social distancing
DTT areas**

**BI Heroes on the first
week back at work!**

**Outside activities and
breaks**
