

Behavioral Initiatives

Quality ABA Professionals

When we take a step back and look at this past year, we see the abundance of memories and milestones we have achieved as a team. A team that includes a staff of dedicated ABA professionals, and supportive family members. As the saying goes, "It takes a village", and we are honored and grateful that you choose and put your trust in us to serve your kiddos. It is our honor to serve your families and to see and celebrate all of our kiddos' growth, and success no matter how big or small. They are the heart of this company and what fuels us to do better every day. We appreciate you all so much and the support you give us means the world.

What we have accomplished this past year as a company is a reflection of what we strive each and every day to provide, **quality** ABA services. This year we had four kiddos graduate from our ABA program, we provided over 34,000 hours of ABA services, and touched the lives of over 50 families. These milestones just mentioned were once goals we had as a company and now they have become a reality. We are proud to say that as we grow our core values of excellence, commitment, support, and integrity have not wavered. For that, we are thankful to our committed and passionate staff for putting our clients first and providing excellent ABA services and support with the highest level of integrity and quality.

ATTENTION PARENTS!

If you wish to receive services on December 24th or December 31st, ask your therapist if they are delivering services. We do have those two days reserved for therapists to decide whether to render services or not. If they are not rendering services, you can ask if they can find coverage.
