## Be Thankful!

October was definitely a special and unforgettable month for the BI family. Trick-or-Treating might have been cancelled but we kept the Halloween spirit alive through ghoulish crafts and Spooky Week, where our kiddos and staff dressed to a different theme every day, such as Wacky Wednesday and Superhero Day. It was a sincere joy to watch our kiddos enjoy themselves during our Halloween Field Day and just marvel at how far each of them has come.

With November upon us and Thanksgiving around the corner, we give heartfelt Thanks for all the joys we've experienced among the hardships! Our awesome kids and dedicated staff are one of the things we are truly most thankful for.

Check out some of our favorite memories from October's festivities below!

## BI Superstars of the Month!

### Autumn Murat

Autumn is a rock star! She has been wearing her mask from early on and will now go get it by herself when she

wants to play with someone else. Autumn has started to write her name independently. She has also been learning her numbers and letter so fast and is now asking for clarification when she doesn't understand what someone else said. We are proud of you Autumn, keep it up!

## Chauncey Smith Jr.

October was a great month for this superstar! CJ was caught by his family members reading aloud to his classmates for the first time! He is attending virtual school and paying much more attention each day. His confidence has grown tremendously since his reading skills have improved. CJ is now reading over 25 sight words without a problem. His articulation with his words are improving along with his motivation to pronounce the words correctly. CJ is doing a phenomenal job terminating preferred activities! He asks for breaks independently when needed. Another major accomplishment over this last month is CJ writing his letters legibly. Keep it up CJ, so proud of your growth!

## Fall Treats

Now that sweater weather is around the corner, cozy up with these delicious Pumpkin Spice Chocolate Chip Cookies!
